

## **For IS3D Students Interested in Counseling & School Psychology (CSP) as a Department**

### Pre-approved lower division classes (choose 6 units):

CSP doesn't have any lower division classes, so students should choose classes in related fields (e.g. PSY, SOC, COMM, etc.) that they are not using towards the prep in a different department (NOTE: a single class cannot be applied to two different departments)

### Upper division classes (choose 9-18 units):

Students can choose any upper division CSP classes (300 and 400 level) **except** CSP 496 and CSP 499
